PROFESSIONAL SUMMARY

Motivated and detail-oriented MCA graduate with professional experience in Python development, FastAPI, Django, web application development, and cybersecurity platforms. Hands-on experience developing enterprise-grade backend systems, REST APIs, threat detection workflows, and automated security operations solutions. Skilled in building scalable applications, database management, API integration, and software development using modern Python technologies. Strong problem-solving abilities with a passion for continuous learning and delivering efficient software solutions.

TECHNICAL SKILLS

- **Programming & Backend:** Python, Django, FastAPI
 - **Frontend:** HTML, CSS, JavaScript, Bootstrap, ReactJS (Basic)
 - **Database:** MySQL, PostgreSQL, SQLite
 - **Tools & Version Control:** Git, GitHub
 - **API & Testing Tools:** Postman
 - **Search & Analytics:** OpenSearch
 - **Data Analysis:** NumPy, Pandas
 - **Operating Systems:** Linux, Windows
-

WORK EXPERIENCE

Developer Intern (FastAPI)

ActivBytes Technologies Pvt. Ltd.

December 2025 – April 2026

- Developed backend services and APIs using FastAPI and Python.
- Contributed to the development of an enterprise-grade Virtual Security Operations Center (vSOC) platform.
- Collaborated with development teams using Git and GitHub.
- Participated in debugging, testing, and performance optimization of backend applications.

Freelance Software Developer

2025 – Present

- Developed academic and real-world web applications using Python and Django.
- Designed database schemas and backend architectures.
- Built responsive web applications with authentication and CRUD functionalities.
- Assisted clients in project development and maintenance.

Assistant Professor

Greenwoods Arts and Science College, Palakunnu

February 2024 – March 2025

- Delivered lectures on Database Management Systems, Web Development, and Software Engineering.
- Guided students in software development and project implementation.
- Conducted practical laboratory sessions on Python, databases, and web technologies.
- Assisted in curriculum delivery, evaluation, and academic mentoring.

Full Stack Developer Intern

Ehackify Cybersecurity Research & Training

June 2023 – August 2023

- Developed modules for a Comprehensive Vulnerability Management System using Django.
- Implemented user authentication and vulnerability tracking features.
- Contributed to backend development and database integration.
- Used Git for version control and collaborative development.

PROJECTS

ChartMySurvey

Technologies: Django, Pandas, Chart.js, MySQL

- Developed a web application for automated survey analysis and reporting.
- Processed Excel datasets using Pandas and generated analytical visualizations.
- Implemented user authentication, data upload, and reporting modules.

Membership App – Tharavad Committee Management System

Technologies: Django, Bootstrap, SQLite

- Developed a Django-based application to maintain Tharavad member records and committee information.
- Implemented CRUD operations and added search and filtering capabilities based on location, marriage status, and other member details.

ACADEMIC QUALIFICATION

- **Master of Computer Applications (MCA)** | 2021 – 2023
Chinmaya Institute of Technology, Kannur
- **Bachelor of Computer Applications (BCA)** | 2018 – 2021
Greenwoods Arts and Science College, Kasaragod

LANGUAGES

- English
- Malayalam
